

PROJECT DESIGN PHASE-II

DATA FLOW DIAGRAM & USER STORIES

Date	12 June 2026	Team ID	
Project Name	E-commerce Application (ShopEZ)	Maximum Marks	4 Marks

DATA FLOW DIAGRAMS

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

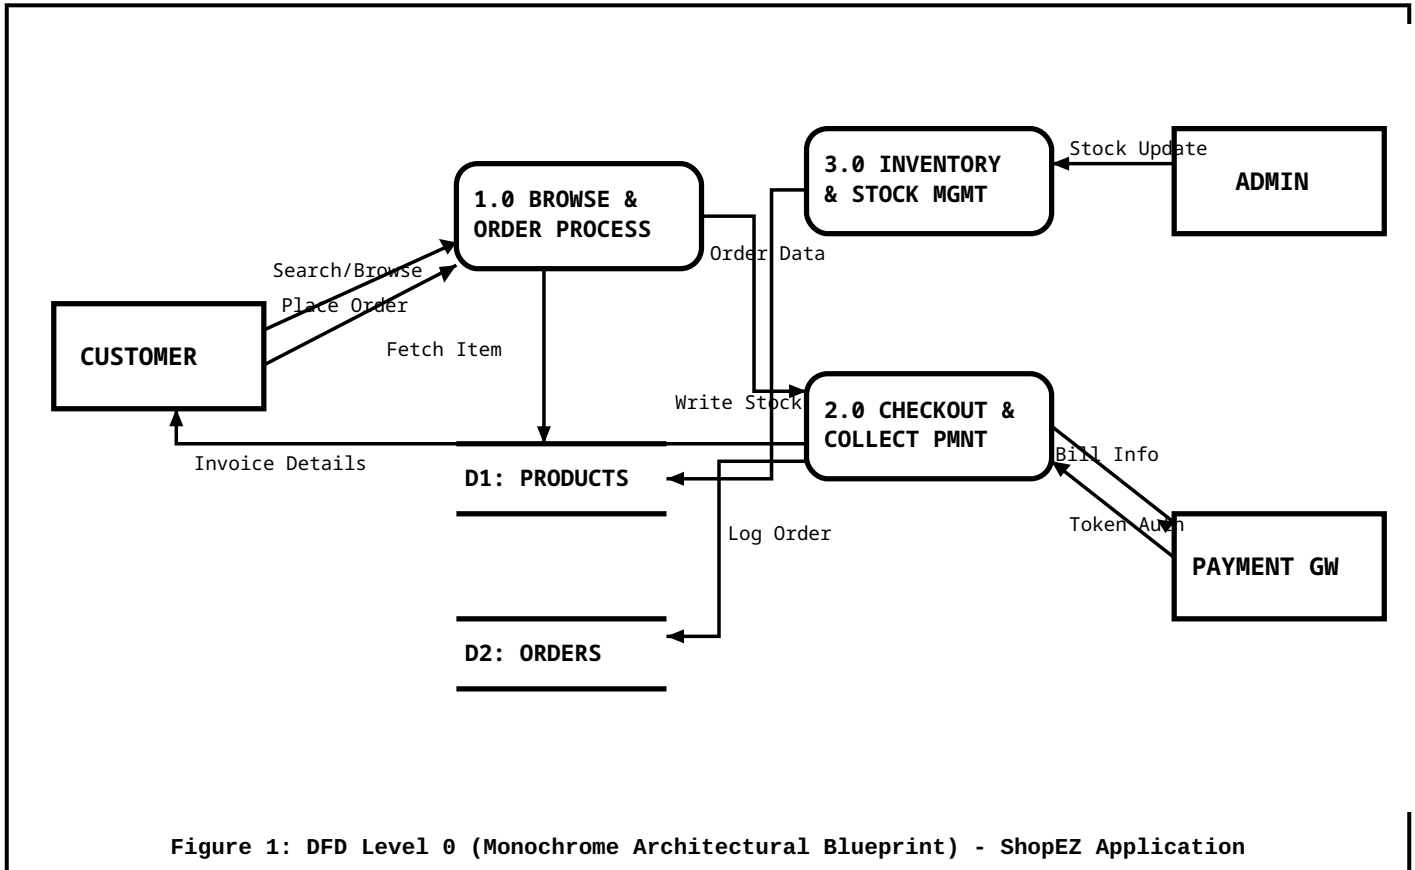

Figure 1: DFD Level 0 (Monochrome Architectural Blueprint) - ShopEZ Application

USER STORIES

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard upon verification.	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application.	I can receive confirmation email & click confirm.	High	Sprint-1
		USN-3	As a user, I can register for the application through Facebook.	I can register & access the dashboard with Facebook Login.	Low	Sprint-2
	Login	USN-4	As a user, I can log into the application by entering email & password.	Secure JWT authentication token generated; grants access.	High	Sprint-1

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Web user)	Product Browsing	USN-5	As a web shopper, I want to filter products by category, price, and rating to find items easily.	Filters apply dynamically without full page reload.	High	Sprint-1
	Shopping Cart	USN-6	As a shopper, I want to add items to my cart and modify quantities before checking out.	Cart total updates instantly with taxes and discounts.	High	Sprint-1
Customer Care Executive	Order Resolution	USN-7	As a support executive, I want to view a customer's order history by their email ID to resolve disputes.	Displays all past orders, tracking statuses, and payment logs.	Medium	Sprint-2
Administrator	Product Catalog	USN-8	As an admin, I want to add, edit, or delete products, images, and descriptions in real-time.	Changes reflect instantly on client interfaces.	High	Sprint-1
	Sales Analytics	USN-9	As an admin, I want to view daily and monthly sales report charts to monitor revenue growth.	Generates printable dynamic charts for selected periods.	Low	Sprint-2
